**To:** Directors and Managers of the Stock Exchange of Thailand

We would like to inform you that the operating results for the first quarter ended March 31, 2007 had the net profit at Baht 19.66 million, comparing to the same quarter of the year 2006 increased Baht 8.73 million or 79.76%. The major reasons were as following;

1. Cost of sale decreased 3.44% while the selling income increased 5.68% leading to the increasing gross margin from 8.60% in the year 2006 to 10.54% in the year 2007. This was a result of the raw material stock balance forward for the year 2006 had the average higher price than the year 2007.
2. Other income increased Baht 5.23 million owing to the scrap selling, insurance claim and the gain from the exchange rate.

Yours Sincerely,
